zsh: command not found: node.js
admin@admins-iMac-2 ~ % node
Welcome to Node.js v20.10.0.
Type ".help" for more information.
[> help
Uncaught ReferenceError: help is not defined
[>
[> exit
Uncaught ReferenceError: exit is not defined
[> .help
.break      Sometimes you get stuck, this gets you out
.clear      Alias for .break
.editor     Enter editor mode
.exit       Exit the REPL
.help       Print this help message
.load       Load JS from a file into the REPL session
.save       Save all evaluated commands in this REPL session to a file

Press Ctrl+C to abort current expression, Ctrl+D to exit the REPL
[> node -v
Uncaught ReferenceError: node is not defined
